THE TECH

VOL. XXIX. NO. 89. BOSTON, MASS., FRIDAY, FEBRUARY 11, 1910 PRICE ONE CENT

MANAGER PEARSON OF TRACK TO RESIGN

Hands Over Accounts And Other Track Material To Asst. Benson

Manager Paul H. Pearson of the track team has unofficially announced his intention of resigning from that office. Pearson has turned over to Assistant Manager Benson all his accounts, books, and other material pertaining to the office. His resignation will probably be brought up before the athletic association at the next meeting on Tuesday.

Pearson was assistant manager of the track team last year and at the end of the season was elected manager. His work while trying out for the position was excellent and, in his capacity as manager he was instrumental in securing the intercollegiate cross-country run held at Tech field. He conducted this contest without a flaw. He will not return to Technology this term.

In reply to the question as to whom he would recommend as his successor, Pearson stated that Harvey Benson was the man for the place. However, he expressed a doubt as to the advisability or placing a sophomore in this position. He suggested that Benson finish this year as assistant manager and that he be elected manager at the end of the term to hold the office next year.

1913 TRACK MEET

Seven Events Scheduled For Freshies' Meet Feb. 19 At 2

One week from this coming Saturday, the Freshmen will hold the first track meet that has ever been held by an entering class at the Institute. W. Katzenberger and H. S. Benson, the managers of the 1913 team, have worked hard to make the meet successful. At present there are about thirty entries and everything points to a still larger number before the 19th.

One of the chief objects of the meet is to show what sort of material there is in the 1913 track men. Another reason for arranging this meet is to show the managers and coaches who the best men are. This will enable them to pick a squad which will be able to win Prom. In past years when flowers school teams in the vicinity.

The events scheduled are a 35 yard dash, 35 yard low hurdles, 440 yard dash, 880 yard dash, mile run, shot put, high jump and pole vault. The runs and dashes have proved most popular and in these events the entries are particularly large. All the men on the relay team have entered.

The managers are at present hard at work arranging a number of meets. Lowell Textile, Volkman and other schools will probably be met. A meet with the Sophomores is scheduled for Saturday, February 26th.

All men who have not yet entered for the coming meet should do so at once.

Paris, Feb. 10—The river Seine had risen 7 1-2 inches in the 24 hours ending at noon today. A further rise of 10 inches by tomorrow noon is predicted. At a cabinet meeting today Premier Briand expressed the opinion that all necessary precautions had been taken and that there was no cause for uneasiness.

FIRST REHEARSAL OF SHOW YESTERDAY

Much Enthusiasm Shown By Candidates--Many Old Men Are Back

The Show rehearsals are on in full blast. One hundred and fifty men responded yesterday to the call for candidates for cast and chorus of "The Queen of the Cannibal Isles," Tech Show 1910. All were evidently star actors or actresses, some of them in embryo to be sure, and everyone was doing his particular little "stunt" in his little corner previous to the call for attention, and everyone enjoyed it all immensely. The old and hardened Tech Show men did try to look bored for awhile and appear not to be enjoying themselves, but they could not stand it long, so must needs join in with the crowd and have a good time, as is always the case at a Show rehearsal especially the first one of the year.

Mr. James Francis took the men in

KENNETH GREENLEAF, Stage Manager.

hand, and after a few preliminary remarks in his inimitable style, started in in earnest. First he read the list of characters,. and gave his idea of what was needed for them. Then he called for candidates and the fun started, each man being lustily cheered as he got up and presented himself. All old Show men know how Mr. Francis looks a man over, and how small and insignificant the aforesaid man feels under the kindly scrutiny of his eyes. At first the candidates for the principal parts were rather shy, but as the list was gone over the numbers rapidly increased, and when the final call for principal parts in general went out a large delegation reported their desire to shine as stars.

Owing to lack of time the chorus trials were postponed until Saturday afternoon at two o'clock. At that time the men's voices will be tested and a provisional selection made.

Among the old Show men who reported today were: R. H. Allen, C. J. Belden, Billy Schofield, C. R. Perry, S. A. Malcom, H. E. Kebbon, principals, four out of the six dancers from last year, and a large number of the chorus.

Stage Manager Greenleaf announced the all-day rehearsals in order to allow the men to arrange their time cacordingly. They were: All-day rehearsals on Feb. 22 and April 3rd; pictures to be taken March 18, dress rehearsal on April 10th.

On Monday, February 14th, the competition for the position of Freshman assistant in the Publicity Department will be called by Publicity Manager Davis. Further particulars will appear in these columns later.

By request of several of the poster competitors the posters submitted for this year's Show will be on exhibition in the small room off the Social Hall of the Union for a few days. This has been done through the kindness of the Union House Committee.

MR. HOWLAND SPEAKER AT UNION TONIGHT

Subject "Arbitration And Labor Disputes"---Mr. Kendall Next Friday

The Friday evening entertainments are to be resumed tomorrow evening with a talk by Mr. Willard Howland on "Arbitration and Labor Disputes." Mr. Howland is chairman of the State Board of Arbitration and has lately been prominent in the settlement of the Ludlow strike and other important labor questions in Massachusetts. The entertainment of next week, February 18, will be furnished by Mr. Fred E. Kendall, "Humorist, Impersonator and Baritone." Refreshments will be served. Tickets at 25 cents are on sale today by the committee consisting of members of each course and class.

NEW PLAN AT UNION

Board Will Be Offered At $4 If 50 Men Agree

As soon as possible the proposed innovation at the Union Dining Room will go into effect, if fifty men or more will agree to purchase tickets, board will be served at the rate of four dollars per week.

The fare will be excellent. The same lunch and dinner will be served as is now served for twenty-five cents, and the breakfast will correspond. The quality of the food will be kept up to its present high standard, and every possible effort will be made to improve it. The service is constantly getting better, and this new offer should fill the dining-room, at all three meals.

Not only will the food be good, but the meal time gives an excellent opportunity for meeting one's fellow students; and the Union seems to be the ideal place for the fellows to feed. Any men who have not signed up may leave their names in the suggestion box at the door of the Dining Room.

SOPHOMORES LOSE

The sophomore basket-ball team was defeated yesterday by Brockton High School. The score was 41 to 21.

Wardwell of the Brockton team threw 8 fair goals and 3 goals from fouls. Hartman easily was the star of the Sophs. The summary:

BROCKTON.		TECH '12.
Washburn, rf	....	lb Albee (Hartnett)
Roland (Rapp), lf	.....	rb, Stone
Casey, c	.....	c, Morey
Wardwell, rb	.....	lf, Freedman
Dunbar, lb	....	rf, Hartnett (Hartman)

Score—Brockton High 31, Tech '12 21. Goals from floor—Wardwell 8, Casey 4, Rapp 4, Washburn 2, Dunbar. Hartman 4, Stone 2, Freedman, Albee. Goals from fouls—Wardwell 3, Stone 5. Referee—Parker. Timer—Hart. Scorer—Collins. Time—20-minute halves.

PLANS FOR JUNIOR PROM ANNOUNCED

Committee Will Introduce Some New Features---Blanks Are Out

The blanks for the 1911 Junior Prom are out and they are being circulated by the members of the Prom committee and also by men in the senior, sophomore and freshman classes. The Prom, the climax of a most triumphant and glorious Junior week (that's how the juniors put it) comes at the hotel Somerset on the evening of Patriot's Day, April 19. The Salem Cadet Band has been engaged to furnish the music. This is the same group of musicians that have furnished the music for the past four Proms and it is reputed to be the equal of any orchestra in New England.

The Prom Committee has decided to allow no dancer to wear flowers at the Prom. In past years when flowers have been permitted they have frequently fallen on the floor and have been a source of danger. Any person desirous of bringing floral effects to the Prom will be required to leave them without the ballroom.

The committee promises something quite unique and novel in the line of dance orders. They claim that a pleasant surprise awaits all who attend the Prom, for the orders will be such that they can be kept for permanent souvenirs. The design and execution of these orders is by Wright of Philadelphia.

This year the committee has decided to get expressions of opinion from the members of the Junior class concerning the selections to be played by the orchestra. Any 1911 man that desires a certain piece to be played should leave the name of that selection at the Cage before Feb. 17, for the Prom Committee.

The following men have books:

1910

B. Reynolds
F. Stuart
R. F. Goodwin

1911

Members of Prom Committe,
S. B. Copeland
H. D. Williams
S. P. Kimball
G. B. Wilkes
R. F. Gould
P. D. White

1912

Arch. Eicher
H. E. Kebbon

1913

Holmes
Wallace

CHANGE IN DRILL

The military department has changed the hours of drill so as to make the schedule for those men taking drill more convenient, and also to get greater benefit from the battalion drill which will be taken up this term. Instead of drilling on two days for one hour, the men will now drill on Wednesdays only, but for two consecutive hours. Instruction in guard mounting, evening parades, and battalion will be given.

The lectures during this term will be given on Mondays, 12 to 1; Thursdays, 9 to 10, and Saturdays, 9 to 10.

CALENDAR.

Friday, Feb. 11.

4:00—Basketball Practice. Gym.
4:00—Gym Team Practice.

BOSTON, MASS., FEBRUARY 11, 1910.

Just now, when so many of the activities are calling for men to come out and give them support, perhaps it would be well to remind each man that primarily he owes it to himself to look out for his studies. No man who has a good record should hesitate to come out for that activity for which he feels best fitted. Indeed a man with a good record is not doing the right thing by the Institute if he just draws himself into a shell and grinds morning, noon, and night. Such a man ought to hustle around and mix in with the men who are doing their best to make undergraduate affairs successful. The man, however, who at mid-years did not get a satisfactory record should think twice, yes, three or four times, before he gets tied up in an activity that he is bound to stay with for the rest of the term.

Since September, 1908, when the new Union was opened to the student body, it has been the custom for every man to remove his hat upon entering the living room. All last year the men were very careful to respect this custom, and seldom could a man be seen in the Union with a hat on his head. This year, however, the men are apparently getting a little lazy and are becoming forgetful. At present there is seldom a time when some two or three men are not in the living room with their hats on. Such action is, to say the least, not polite, and does not show much regard for an Institue tradition. A little thought, a little care, would remedy this condition and lend more dignity to the Union. Take off that hat!

Last year, when Mr. Scharff, then a very prominent member of the class of 1909, invented the point system for preventing over-indulgence in the intoxicating spirits of student activities, he doubtless thought that upon its acceptance by the Institute Commitee and the classes, it would be enforced and respected by the student body. That this scheme is a good one is unquestioned, for it has the hearty support of the faculty, and has been adopted "in toto" by other colleges. What is the use, though, of launching such a scheme on the student body and having it approved by them if it is not to be respected? Why should some good, earnest men who, through capability or popularity, could hold positions counting much more than ten points resign from, or refuse election to, positions that would give them more than this number, if there are at the same time men who are carrying fifteen or eighteen points?

The system is complicated at best, and there may be many who think it unjust, but it has been adopted by the student body and requires the support of every student. If a man indulging in more than ten points hasn't enough nerve to reduce this number of his own free will then he should be required to do so.

Why doesn't the management of those activities that have men in them carrying more than the alloted number of points require their resignation?

How about some of the men in last year's show? How about members of the Technique Board going on the Musical Club's trip?

Although no anxiety has as yet been officially taken on the matter of the position of manager of the track team, it does seem that the proposition to give a man all the duties of the position of manager and only call him assistant manager is not quite right. If a man is filling a certain position he should be given the name that goes with that position. It does not make any difference whether that man is a lower classman or not; the principle should hold just the same. It is unfortunate that there is no junior to take up the work, but if the best and only man for the position is a sophomore, he should get that position and with it its appropriate name.

GENERAL NEWS

TELEGRAPH NEWS OF THE MORNING.

WEATHER REPORT.

Washington, Feb. 10.—Forecast:

For Boston and its vicinity—Friday fair; moderate west to northwest winds.

For New England—Generally fair; colder; brisk west winds.

For Eastern New York—Fair, except snow in extreme north portion; moderate west winds.

Declaring that in the next ten years the New Haven railroad expects to spend $50,000,000 in the development of its transportation facilities in Massachusetts, and that in 15 years he believes the company will furnish light and will control all the water-power rights in every city on its lines, Vice-President Timothy Byrnes yesterday asked the legislative committee on railroads to aid the company to validate its securities in Massachusetts.

In addition to this information that the New Haven road hoped to become a gigantic light and power trust, Mr. Byrnes also "admitted" that Mr. Mellen wants the road to be a monument for him, and will so spend the $50,000,000 that the whole country will sit up and take notice of Boston.

New York, Feb. 11.—An International Aeronautical Meet has been arranged to take place next June. The movement was started by the Aero Club of Columbia University.

Boston, Feb. 11.—Mayor Fitzgerald intends to make the public meetings that he has been holding with the city council in different parts of the city, monthly affairs. The meetings will be similar to the regular "town meetings" and every tax payer will be given a chance to make complaints or advocate improvements. So far the meetings have been very successful.

The women operators and clerks in the employ of the New England Telephone & Telegraph Company will soon share in the division of $200,000, which has been appropriated by the officials of the company to increase their wages.

Poughkeepsie, Feb. 11.—In Dr. Robert B. Lamb's annual report to the state prison commission, just published, he makes the statement that in the last three or four years there have been committed to the Matteawan State Hospital, half a dozen or more notable criminals whose cases are far removed from any well defined type of insanity.

Cambridge, Feb. 11.—Gardner, one of the star forwards of the Harvard hockey team, is out of the game for an indefinite period on account of cramps.

Norwood, Feb. 11.—Walter Cushing, M. I. T. 1910, died at his home in this town early yesterday morning after an illness of ten days. He was a prominent member of his class up to the time of his leaving the Institute last June. He was a member of Theta Xi Fraternity.

THE ARENA

The Tech relay team made the best time of the B. A. A. meet last year, 1560 yards in 3 minutes, 10 seconds.

Owing to the recent injuries to Fernstrom, White and Lockett, this year's relay is not up to the standard set by the teams of the last two years. Dartmouth has two speedy men in Hall, and Sherman, the sprinter. It looks as though Dartmouth was indeed a dangerous rival.

It would seem too bad that Pearson should resign from managership of the track team; he did good work in connection with the intercollegiate cross-country meet held at the field last fall. Benson seems the logical candidate for the position.

At the basketball game with Tufts at the Gym Wednesday night, when cheers were called from the Tufts men the entire bleachers rose and they made the old rafters ring. When it came Tech's turn to yell, nearly fifteen men grouped and made the rafters——well, the rafters didn't ring. There was a very noticeable difference in the noise of the two.

More signs of life are still needed from the Freshmen track team. They have a lot of material in that class.

Don't any one ask Poihemus what the matter is with his arm. He says the questioning is tiresome. In the Tech-West Point hockey game his wrist was broken. He's recovering rapidly.

GENERAL NEWS

(Continued from page 2.)

Pittsfield, Feb. 11.—Following the accident of two days ago, the Pittsfield Street Railway Co. was ordered to hold up traffic. In direct defiance to this order of the Aldermen, cars were run over the forbidden track. The Company claims legal right and proposes to fight.

Boston, Feb. 11.—The "Erika," the German steamship which yesterday towed in the disabled steamer Varzin, cleared today for the Azores and Portugal.

Washington, Feb. 11.—The bill making Commander Robert E. Peary a rear admiral on the retired list, which passed the Senate, will be opposed in the House. Representative Roberts of Massachuetts, a member of the naval affairs committee, said yesterday he was against the measure and knew at least one other member of the committee who was with him.

"I see no reason for making Peary a rear-admiral," said Mr. Roberts. "He is a civilian officer of the navy and I am unable to understand why it is any more more proper to make him a rear-admiral than it would be to make him a major-general."
